

It is organized by International Academy of Computing Technology (IACT). The theme for the conference is "Geoinformatics and Data Analysis". The ICGDA conference aims to bring together international academicians, scientists and industrialists for knowledge sharing, exchange of ideas, collaborations and presentation of their research outcomes in Geoinformatics and Data Analysis.

&Publication

All papers will be published in the the International Conference Proceedings Series. All papers will be archived in the Online Library, and submitted to Ei Compendex and Scopus for index and submitted to be reviewed by Thomson Reuters Conference Proceedings Citation Index (ISI Web of Science).

&News

ICGDA2020 proceedings were available at ACM digital library. Papers of ICGDA 2018 & 2019 proceedings have been indexed by Ei Compendex and Scopus.

&How to Submit

Conference Submission System: <http://confsys.iconf.org/submission/icgda2021>
Full Paper/Publication: <http://www.icgda.org/template.docx>
Abstract/Oral Presentation Only (Not publication)

&Topics

- Acquisition and processing of remotely sensed data
- Big Data analytics
- Digital gazetteer
- Geo-ontology
- Indoors positioning and navigation
- Map generalization
- Semantic web and sensor web
- Spatial database
- Spatiotemporal dynamic analysis and simulation
- Spatial workflow
